DETAILED ACTION

Allowable Subject Matter

1. Claims 1-7, 9 and 10 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The prior art of record fails to disclose or suggest an endovascular fastener applicator comprising an expandable portion; a fastener applying head rotatably mounted and movable between a load position longitudinally aligned with the tubular body and a firing position oriented approximately 90° with respect to the body; and a storage chamber extending from a distal end of the expandable portion. This limitation, in combination with all the limitations of claim 1, makes the claim allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
